

Product Data Sheet

DS EZ WRAP

1. Product Description. DS EZ WRAP is a versatile and economical product intended for a wide range of structural applications, where water leaks are a problem. DS EZ WRAP provides for a quick and economical method of installation with excellent sealing properties. This material is strengthened by a fiber mesh that is imbedded in the middle of the material and has a white polyester non-woven fiber top layer that allows for the immediate painting or coating after installation. DS EZ WRAP has immediate adhesion to steel, PE, PP, epoxy, polyurethane, PVC, etc. without roughening. There is no cure or hardening time required. DS EZ WRAP is storage stable (dry/cool) with an unlimited shelf life.

2. Applications. DS EZ WRAP is engineered for use in many water leak applications, offering long-term performance in commercial, residential, telecommunications, utilities, transportation, electrical, water, wastewater, agricultural, and industrial as well as others. The primary applications are sealing around rooftop vents, pipes, metal roof seams, flashings, residential and commercial roofing, EPM roofing, and cable entries, holes and voids, cracks, storage tanks, industrial pools, swimming pools, manholes, basements, floors, cable joints and repairs, and etc. DS EZ WRAP is also used in conjunction with other STOPAQ AMCORR Products such as Series FN4200, STOPAQ WATERPLUG and STOPAQ AMCORR Series 3000 Fluid Gasket.

3. Physical Properties.	Product Name:	EZ Wrap
	Color:	Gray
	Odor:	None
	Density:	1.4
	Viscosity:	Mastic-like
	Ph:	Neutral
	Shelf Life:	Unlimited
	Max. Operating Temp.	160 F
	Min. Operating Temp.	45 F
	Water Intake:	0%
	Adheres to Wet Surface:	No
	Min. Temp. (no cracks)	-60 F
	Application:	Above and below grade applications

4. Performance. DS EZ WRAP is a permanent solution to a variety of water problems. DS EZ WRAP has been highly successful in solving water leakage problems in numerous markets. Consult STOPAQ AMCORR for information regarding these projects and references.

5. Specifications. The DS EZ WRAP is a mastic-like material designed with synthetic properties that will adhere to almost any surface without a primer. The DS EZ WRAP comes in rolls and is designed to be used as a permanent solution for numerous water leaks. DS EZ WRAP has been internationally patented.

6. Installation Instructions.

- Clean the application with a dry cloth. Remove as much of the loose material on the area as you can.
- Peel off the clear release liner from the roll of the EZ Wrap and align the EZ Wrap on the area you are applying it to.
- USE a Seam Roller (available at a roofing supply store) to apply the EZ Wrap to the area.
- During cold weather, preheat the surface with for instance a hot air gun. When not allowed, preheat the rolls by carrying them inside the cabin of the car.

- 7. Maintenance.** INSPECTION: peel test: peel away from the side of the EZ Wrap to see if full adhesion has occurred (within half an hour to an hour). If not full adhesion has occurred, press down with a seam roller and/or heat the area with a hot air blower or heat gun.
- 8. Technical Service.** STOPAQ AMCORR provides technical support to assist in product selection and appropriate installation design. Technical information is available upon request.
- 9. Precautionary Information.** No unusual hazards are known or expected. Observe normal safety procedures during installation. MSDS Sheets are available upon request.
- 10. Availability.** DS EZ WRAP is available from authorized STOPAQ AMCORR distributors nationwide. Contact STOPAQ AMCORR for the names and locations of the nearest sales representative or distributors.

Important Notice: All statements, technical information, and recommendations contained herein are based upon testing believed to be reliable, but the accuracy and completeness thereof is not guaranteed.

Warranty: STOPAQ AMCORR manufactures its goods in a manner to be free of defects. Should any defect occur in its goods (within one year), STOPAQ AMCORR, upon prompt notification, will at its option, exchange or repair the goods.
