Thermolets

Thermolet Information

- Low-Carbon Steel
- 1018 CF bar ASTM A108 cold finished rod.
- Material is free from mercury contamination.
- No weld repair performed on material.

1/2" NPT

3/4" NPT

Material Information

- 1018 is a better steel for carburized parts, it produces a harder and more uniform metal.
- easy to weld by all the welding processes, and the resultant welds and joints are of extremely high quality.
- Rockwell B70 Hardness
